The importance of your new medication

There are several reasons why it is important for you to take this medication as prescribed.

- Taking the medication regularly helps you better manage your health, even if your condition has no symptoms
- Some medications take days or even weeks to achieve their intended effect.
- It may take time for your body to adjust to a medication
- Stopping this medication without first consulting with your physician may negatively affect your health

As your Pharmacist, I am here to discuss any questions about your medication and provide direction on how to avoid potential side effects. Please call anytime if I can be of assistance.

VIRTUAL

GET IN THE GAME

Best New Game

Virtual is a super-realistic reality that replicates sensory experiences like sight, touch, hearing and smell. Headset devices (like PSVR, Oculus VR, HTC Vive) use stereoscopic displays to make what you see three dimensional and give depth to the image that you are looking at.

FARE CHANGES

If, after a ticket has been issued and before any portion has been used, a decrease in the applicable fares or charges becomes effective, or a new fare between the points shown on the ticket is added, the full amount of the difference in fares less any change fees applicable to the original fare rule and date of purchase, will be refunded to the purchaser, upon request, provided there is no change in origin/destination/stopover points/flights/dates shown on the original ticket and, subsequent to the decrease in fares/charges or the addition of a new fare, all conditions of the lower fares/charges are met, including booking code and any advance reservations/ticketing requirements.* When reduced fares are for sale for a limited period of time, American reserves the right to decline to issue refunds. For non-refundable fares, the passenger will receive the difference in the fares in the form of a non-refundable American travel voucher valid only for purchase of air transportation on American, and must be used within one (1) year of issuance.

RESPONSIBILITY FOR SCHEDULES AND OPERATIONS

American will endeavor to carry you and your baggage with reasonable dispatch, but times shown in timetables or elsewhere are not guaranteed and form no part of this contract. American may, without notice, substitute alternate carriers or aircraft and, if necessary, may alter or omit stopping places shown on the ticket. Schedules are subject to change without notice. American is not responsible for or liable for failure to make connections, or to operate any flight according to schedule, or for a change to the schedule of any flight. Under no circumstances shall American be liable for any special, incidental or consequential damages arising from the foregoing.

If American increases the price for the transportation, an additional collection may be made for any segments where you change your flight to a different time, date or routing from that shown on your ticket, and any segment shown as "open" on your ticket.

*Note: The purchase of a Prepaid Ticket will constitute purchase of a ticket.
